

THE CITY EXPLORER

The **City Explorer** is designed to offer young students (16-19) the chance to study in adult classes but give parents the peace of mind that their children are accommodated next to the school and still receive some supervision outside of the classroom.

There are organised activities and excursions every day, with some additional free time to explore the sights of London. All students on this programme will be considered juniors and will be carefully monitored, but please note that there will be some periods of unsupervised free time, with parental permission.
